

Hey! I'm Maya (and I'm Henry), and WE want to be YOUR next Student Council presidents!

If elected, we will focus on what YOU want to happen at KG!

This means more FUN stuff like school dances, as well as a focus on advocating for IMPORTANT improvements that our school DESPERATELY needs such as better school lunches, and improved academic support for students.

On top of that, we want to improve mental health support for students, to make sure that YOU feel seen and heard if you are "struggling".

While we're talking about YOU feeling heard, we want to make sure that YOUR voice becomes as important as any in the Student Council decision-making process!

While we're doing all this, we will hold ourselves accountable, so that a promise made is a promise kept.

We will do this by posting monthly progress updates on all projects we are working on, so that it's clear that we ARE keeping our promises. (Stare intensely at camera)

Now, let's hear what King George has to say!

(Insert videos of students saying their lines. )

Maybe the last person should say something like "Maya and Henry are the BEST candidates for Student Council president, so I'm going to VOTE for THEM!!!"

(cut back to us)

Wow! How convincing! (Smile)

Let's recap, shall we?

As student council co-presidents, we will advocate for the FUN STUFF that you want, while keeping a focus on positive mental health resources. On top of that, we also want to stay completely open to student input, and stay true to our promises! Vote now! (Smile and give thumbs ups for like 15 seconds, we can superimpose text that says "VOTE NOW" over it)
